## 1.0 Preamble:

The Nigerian Institute of Town Planners (NITP) is a professional Association of persons who practice the profession of Urban and Regional Planning in Nigeria.

The Profession came into existence in 1966, by convention and in realization of its goal of attaining sustainable human settlements, the Institute holds Annual National Conferences and General Meetings during which topics of National Relevance and Professional Importance are discussed and communiques are produced and forwarded to National, State and Local Governments, as well, as Stakeholders with a view to continuously improve physical, economic and social development of the country.

## 2.0 Brief on 2018 Conference:

The 2018 National Conference, the 49th in the series, is billed to hold from **29th October to 2nd November, 2018** in **Kaduna, Kaduna State** and promises to be very educative and highly contemporary. A must for all Planners who wish to remain relevant and efficient in practice. The conference would provide the required environment for networking of decision makers, professionals in the built environment, international partners to discuss and network on the most recent Urban and Regional Development Challenges and solutions and pave a way for Nigeria to align with developed countries of the world.

### **2018 Conference Theme:**

The Theme of the 2018 Conference tagged **KADUNA 2018** is **“The New Urban Agenda; From Agenda to Action, Localizing a Global Issue”** It is intended to aid in the preparation of a framework for the implementation of the “New Urban Agenda” before the next review in year 2020 at Abu Dhabi UAE.

At the end of the Conference, participants, government and non government stakeholders will know clearly the roles they are expected to play in realization of the New Urban Agenda and how to keep the discussion going in the quest to achieve the Sustainable Development Goals (SDGS) and for ensuring a world **where no one is left behind.**

### 3.0 Venue
